Wood Products ~CAUTION~

Sawing, sanding, or machining wood products can produce wood dust which can cause a flammable or explosive hazard.

Wood dust may cause lung, upper respiratory tract, eye, and skin irritation. Some wood species may cause dermatitis and / or respiratory allergic effects. The international agency for research on cancer (IARC) has classified wood dust as a nasal carcinogen in humans.

- Avoid dust contact with ignition source.
- Wood dust clean up and disposal activities should be accomplished in a manner to minimize creation of airborne dust.
- Avoid breathing dust.
- Avoid dust contact with eyes and skin.

FIRST AID: If inhaled, remove to fresh air. In case of contact flush eyes / skin with water. If irritation persists, call a physician.

For additional information or a copy of the Material Safety Data Sheet (MSDS) for this product contact Michigan PreStain.
