Unique 'QUICK-LOCK' Design Improves Installation.

- Eliminates the need to end on studs.
- Installs up to 30% faster.
- Reduces waste up to 20%.
- Enhances installation with all long lengths.

Finish Quality	Easy-Pine® finishes are compared to fine furniture. Micro-fine sanded and finished with the most advanced 100% VOC free topcoat.
Wood Quality	Easy-Pine® starts with the finest Ponderosa Knotty Pine. High grade long length boards, kiln dried, and machined to exacting specifications.
Durability	Easy-Pine® advanced UV-cured finish is the most durable on the market. Similar finish technology found in quality wood flooring, UV-cured finishing has moved to the walls and ceilings.
Ease of Install	Easy-Pine® is engineered to install faster than traditional plank paneling. With our relentless focus on meeting the strictest tongue & groove tolerances, Easy-Pine® installs significantly faster and easier than competitive plank paneling.
Total Savings	Dura-Groove® costs less than on-site finishing. Saves time and money eliminating the additional cost of finishing on the jobsite. The quality of the factory finish cannot be replicated with on-site finishing.
