Finish Quality	Easy-Pine® finishes are baked on in a controlled factory environment. Micro-fine sanded and finished with the most advanced low VOC baked on finished.
Wood Quality	Easy-Pine® starts with the finest Knotty Pine. High-quality Pine, kiln dried, and machined to exacting specifications.
Durability	Easy-Pine® advanced baked on finish is the most durable on the market. Similar finish technology found in quality wood flooring
Ease of Install	Easy-Pine® is engineered to install faster than traditional plank paneling. With our relentless focus on meeting the strictest tongue & groove tolerances, Easy-Pine® installs significantly faster and easier than competitive plank paneling.
Total Savings	Dura-Groove® costs less than on-site finishing. Saves time and money eliminating the additional cost of finishing on the jobsite. The quality of the factory finish cannot be replicated with on-site finishing.
