<b>Finish Quality</b>	<b>Easy-Pine® finishes are baked on in a controlled factory environment.</b> Micro-fine sanded and finished with the most advanced low VOC baked on finish.
<b>Wood Quality</b>	<b>Easy-Pine® starts with the finest Knotty Pine.</b> High-quality Pine, kiln dried, and machined to exacting specifications.
<b>Durability</b>	<b>Easy-Pine® advanced baked on finish is the most durable on the market.</b> Similar finish technology found in quality wood flooring.
<b>Ease of Install</b>	<b>Easy-Pine® is engineered to install faster than traditional plank paneling.</b> With our relentless focus on meeting the strictest tongue & groove tolerances, Easy-Pine® installs significantly faster and easier than competitive plank paneling.
<b>Total Savings</b>	<b>Dura-Groove® costs less than on-site finishing.</b> Saves time and money eliminating the additional cost of finishing on the jobsite. The quality of the factory finish cannot be replicated with on-site finishing.
